Rationale and overview

The Post 16 curriculum has been tailored to prepare students for life beyond school and this leads to accreditation for pupils through a range of courses building on progress from KS4. These ASDAN courses including, Towards Independence and Life Skills Challenge. The modules focus on communication, numeracy, independent living skills including the world of work and personal and social development.

A range of National Framework accredited courses which include:

- ASDAN Awards and foundation Learning Tier Qualifications
- Entry Level qualifications in partnership with our secondary department
- GCSE in partnership with our secondary department

The John Muir Award is also delivered as part of the Outdoor Education programme.
